

UNINEUROMED

Addendum to the University Regulations on Student Contributions for the academic year 2026/2027: Concessions and Exemptions for the Single-Cycle Master's Degree Course in Medicine and Surgery (LM-41).

Approved by the Board of Directors in the session of October 5, 2026.

1. Purpose and Scope of Application

This Addendum governs, for the a.y. 2026/2027, the concessions and exemptions applicable to students of the Master's Degree Course in Medicine and Surgery (class LM-41), supplementing the UniNeuromed University Regulations on Student Contributions.

The concessions referred to in the subsequent Art. 4 are reserved for students who, in the a.y. 2026/2027, enroll in the first year of the Master's Degree Course in Medicine and Surgery; the granting of the benefit is subject to the completion of enrollment and is carried out within the annual spending limit determined by the competent Bodies.

For the a.y. 2026/2027, the number of available concessions is set at 10 for the Master's Degree Course in Medicine and Surgery. The number of beneficiaries cannot exceed the aforementioned quota, and any variations shall be adopted by specific provision and published pursuant to Art. 7.

2. Amounts and Deadlines

The concessions approved by the University apply to the annual university tuition and fees, which for the a.y. 2026/2027 amounts to a total of €16,000.00.

The regional tax for the right to university education (equal to €140.00), the stamp duty (equal to €16.00), and any additional amounts owed to third parties, where applicable, remain separately regulated.

For students enrolled in the 2026/2027 academic year in the Master's Degree Course in Medicine and Surgery, the installment plan for the amount due is structured as follows:

Installments	Deadline	Amount
1 ^a installment	By the enrollment deadline	€ 5.000,00
2 ^a installment	29 January 2027	€ 5.500,00
3 ^a installment	30 April 2027	€ 5.500,00

3. Mandatory Exemptions Provided by Law

UniNeuromed applies the exemptions and other tuition concessions mandatory under current legislation and applicable to legally recognized non-state universities, in the cases and under the conditions provided therein (students with disabilities, with recognized handicap pursuant to Art. 3, paragraph 1, of Law no. 104 of February 5, 1992, or with an invalidity equal to or greater than 66% - sixty-six percent).

Exemptions mandatory by law are distinct from the concessions independently approved by the University

and are granted subject to verification of the relevant requirements by the Student Secretariat.

4. Concessions Approved by the University

For the a.y. 2026/2027, UniNeuromed grants a 20% reduction of the annual tuition fee - equal to €3,200 - to EU candidates and non-EU candidates residing in Italy who ranked within the first 10 positions (from no. 1 to no. 10) of the merit ranking for access to the Degree Course in Medicine and Surgery, provided that they have an ISEE (for access to university education rights services) not exceeding €55,000.

A valid ISEE referring to subsidized services for the right to university education is required: the documentation must be submitted according to the procedures and within the deadlines that will be communicated by the University; certificates containing omissions or discrepancies must be regularized within the deadline communicated by the Student Secretariat; failing this, the application shall not be admitted.

5. Common Rules

The application for the concession must be submitted according to the procedures and within the deadlines that will be indicated by the University in a subsequent notice.

The application must be accompanied by the applicant's identity document and the necessary supporting documentation depending on the type of exemption/concession requested.

Applications will be verified by a Committee appointed by the University.

In the case provided for in the previous Art. 4, the granted reduction will be applied to the final installment of the university tuition fees.

Reductions apply exclusively to university tuition fees and do not extend to the regional tax for the right to education, stamp duty, or other amounts owed to third parties.

The concessions refer exclusively to the a.y. 2026/2027 and do not imply the automatic granting of the same benefit for subsequent academic years.

The University verifies the truthfulness of the declarations and the existence of the requirements. In the event of untruthful declarations or undue benefit usage, the benefit shall be revoked and the amounts due shall be recovered, without prejudice to further consequences provided by law.

6. Personal Data Treatment

Personal data, including those relating to economic status, are processed by UniNeuromed exclusively for the management and control of the concessions, in compliance with Regulation (EU) 2016/679 and current national legislation.

7. Publication and Effectiveness

This Addendum becomes effective following approval by the competent Bodies and is published on the institutional website and/or on the student portal. Any implementing provisions shall be made known through the same methods.

In the event of any conflict with informative communications, this Addendum and subsequent formal provisions of the University shall prevail.
